

Pump, Motor, and Rotating Equipment Field Technician

Location: Riviera Beach, FL

Full-Time (40 hours/week)

About Us:

PSI Technologies Inc is a growing rep/distributor firm located in Riviera Beach, FL that specializes in the application and integration of water and wastewater equipment. Our goal at PSI is to provide unmatched quality products, services, and solutions to our customers in the water and wastewater markets, with a focus on customer service and an unwavering commitment to provide outstanding local support for the products we represent. This is, of course, only made possible with our highly trained and knowledgeable team that has over 165 years in combined industry experience....and counting. So, we're very excited to welcome a new member, keep growing, and continue providing top-tier service to our customers that they won't find anywhere else!

Duties:

- Test rotating equipment and troubleshoot problems in field as well as shop
- Disassemble rotating equipment (Motors, Pumps, Mixers, Blowers, Gearboxes, Valves, etc.) to evaluate the condition of their parts
- Reassemble rotating equipment ((Motors, Pumps, Mixers, Blowers, Gearboxes, Valves, etc.) align, balance, & test
- Field install & replace parts as needed (bearings, gears, seals, impellers, power cable)
- Use of a multi-meter, megger, with familiarity around low & medium voltages
- Operate, maintain, and drive a service body crane truck

Desired Skills and Requirements:

- Experience with rotating equipment including pumps, mixers, motors, gearboxes, and valves for the water and wastewater industry -- a PLUS
- Rotating Equipment rebuilding in the field -- a PLUS
- Knowledge of Lift Stations & Treatment Plants -- a PLUS
- MUST have a valid driver's license

Benefits:

- Competitive wage
- Paid vacation
- Paid major holidays
- Health insurance
- Dental insurance
- 401K Plan
